a. *Form of Financial Agreement.* A Financial Agreement shall be in the form appropriate to the nature of the Project, as on file with the City Clerk and approved by the Municipal Council. The Financial Agreements shall at a minimum set forth the identification of the affected property, the nature and magnitude of the improvements to be constructed or developed thereon, the service charges to be paid to the City and the conditions thereof, the duration of the exemption and the grounds for termination of the exemption. The Financial Agreement shall in all cases provide that any transfer in the ownership of an Entity that is greater than ten percent (10%) or that would materially change the terms of the Financial Agreement shall be void unless disclosed to the City in an annual disclosure statement or in correspondence sent to the City in advance of an annual disclosure. The Financial Agreement shall require the timely submission of a Certified Audit of the total project cost and a Certified Audit of the fiscal operations of the Project, and shall require timely payment of all municipal taxes, fees and charges arising out of the Agreement or in any way arising out of the Property. The Financial Agreement shall provide that the failure to comply with the requirement to submit Certified Audits, make payment of municipal taxes, fees and charges, or failure to comply with any material condition of the Agreement, shall be grounds for the City to terminate the Agreement, and/or to exercise such other remedies as may be provided by Statute, municipal ordinance or the Financial Agreement.

The Financial Agreement shall further provide for the reconciliation of the estimated annual service charges and administrative fees that are to be paid to the City, based on the submission of a Certified Audit.

The Financial Agreement shall also provide that the Entity shall comply with the Affirmative Action Ordinance and the requirements of the City as follows:

1. The Entity shall be deemed to impliedly agree that if it operates, controls or manages a Project that it will in good faith assist the City of Newark in its goal of having fifty (50%) percent of all new jobs arising out of the businesses conducted on the Project site after the issuance of a Certificate of Occupancy and during the term of the Financial Agreement dedicated to Newark residents of which twenty-five percent (25%) of such new employees shall be minority residents.

2. An Entity shall concomitantly with the submission of an Certified Audit, attach an employment report under oath, with particulars, stating the manner and the extent to which it has complied with subsection a(1) above. The employment report shall like the Certified Audit be filed with both the Director of Finance and the City Clerk.

3. The Director of Finance shall forthwith, after receiving the employment report, send a copy thereof to the Office of Affirmative Action for investigation of the factual representations contained therein and to report its findings to the Municipal Council.

b. *Execution of Financial Agreement.* Upon adoption of an ordinance by the Municipal Council authorizing exemption, it shall be the responsibility of the City Clerk to insure that the Financial Agreement is fully executed. No Financial Agreement shall be considered to be in force and effect unless and until it has been signed by the Entity, the Corporation Counsel, the Mayor, and dated and certified by the City Clerk by his signature and affixing the Municipal Seal.

c. *Distribution of Executed Financial Agreement.* When a Financial Agreement has been fully executed, the City Clerk shall be responsible for distributing certified copies thereof to the Entity, the Tax Assessor, the Tax Collector, the Manager of the Division of Tax Abatement and Special Taxes, the Construction Code Official and the Corporation Counsel. The City Clerk shall retain one (1) executed copy which shall be placed on permanent file with his office, where it shall be available for examination during regular business hours. Further, the City Clerk shall forward a certified copy of all ordinances approving an exemption and the accompanying Financial Agreement to the Director of the Division of Local Government Services, pursuant to N.J.S.A. 40A:20-12.

10:24-6. PERIOD OF CONSTRUCTION; OVERSIGHT AND CHARGES.

During the period of construction of a Project, the Tax Assessor, Division of Revenue Collection and the Construction Code Official shall each be responsible for oversight of the Project as outlined below.

a. *Permits and Inspections.* Upon receipt of an executed Financial Agreement, the Construction Code Official shall cause permits to be issued upon the application of the Entity and shall cause inspections of all work activity to be conducted in the manner provided by applicable municipal ordinances. The Construction Code Official shall notify the Division of Revenue Collection of any failure by the Entity to properly apply for permits, to begin or complete construction within the time frame set forth in the Financial Agreement. When permits are issued, the Construction Code Official shall be responsible for notifying the Tax Assessor, Tax Collector and the Division of Tax Abatement and Special Taxes and the Affirmative Action Office of such issuance.

b. *Quarterly Report to Assessment.* From the date of the execution of a Financial Agreement until the issuance of a permanent Certificate of Occupancy for the Project, the Construction Code Official shall report to the Tax Assessor each quarter as to the status of permit and construction activity on the Project. Upon the total or partial completion of construction, the Construction Code Official shall issue a Certificate of Occupancy in appropriate form, and shall be responsible for filing a copy of every certificate with the Tax Assessor, Tax Collector and the Division of Tax Abatement and Special Taxes.

c. *Assessments and Taxes.*

When a permanent Certificate of Occupancy is issued for a Project granted exemption pursuant to the Act, the Tax Assessor shall reflect the improvements and land thereof, as authorized, on the Exempt Property List or as otherwise required by state statute. Further, the Tax Assessor shall exempt the assessment of all improvements covered by the Financial Agreement during the period the exemption remains in effect. Assessments for land shall remain taxable throughout the term of the exemption, except as otherwise provided.

At any time that the Tax Assessor causes the assessment on the improvements or land of a Project to be removed, in whole or in part, from taxable to exempt status, he shall so notify the Tax Collector in writing so as to insure the commencement and payment of annual service charges, pursuant to the terms of the Financial Agreement.

d. *Collection and Audit.* Upon receipt of an executed Financial Agreement, the Division of Revenue Collection shall note within its books of account a record of the execution of the Agreement and the dates provide for commencement and completion of construction. The Tax Collector shall thereafter continue to levy taxes and collect payment thereof on the Property until the occurrence of the following:

1. In the event that a Certificate of Occupancy is issued for the Project, the Tax Collector shall immediately cease to levy or collect taxes on the portion of the assessed value covered by the Certificate of Occupancy and shall instead commence billing the Entity the estimated annual service charge as required by the Financial Agreement. Where the Financial Agreement is authorized pursuant to the Act, taxes on the value of the land shall continue to be levied and collected according to the laws of New Jersey, except as otherwise authorized.

When a Certificate of Occupancy for a Project is issued, in addition to the steps outlined above, the Entity shall submit to the Finance Director, Tax Collector and the City Clerk a copy of a certified total project cost audit prepared by a certified public accountant and the independent and qualified architect's certification required by the Act, within ninety (90) days from the date of issuance of the Certificate of Occupancy.

The Division of Revenue Collection shall review the certified total project cost audit and the architect's certification and make a determination as to the acceptability of the audit. If the audit is deemed unacceptable it may be performed by the City's designated auditor and the cost thereof shall be borne by the Entity. The Division of Revenue Collection shall be responsible for billing the Entity for the cost of the audit. Once the audit is accepted, if its findings cause any change in the basis to be used in the determination of the annual service charge, net profit or excess profits, the Division of Revenue Collection shall bill the Entity for any

adjustment. The Division of Revenue Collection shall also maintain a copy of an approved certified total project cost audit with the permanent files of its office.

Upon adoption of an ordinance authorizing amendment to the Financial Agreement, the Division of Revenue Collection shall bill the Entity for the cost of the audit services and for any additional service charges resulting from an adjustment of the estimated service charges, and thereafter annual service charges or excess profits, if owed, shall be billed to the Entity. The City Clerk shall be responsible for distributing and filing executed copies of the Financial Agreement, as amended, in the same manner as set forth for in section 10:24-5(c) of this chapter.

2. In the event that the Entity fails to commence or complete construction of the Project within the time required by the Financial Agreement, fails to make payment of annual service charges as required by the Agreement, or otherwise fails to satisfy a material condition of the Agreement, the Division of Revenue Collection shall notify the Corporation Counsel of the default by the Entity. The Corporation Counsel shall thereupon take steps necessary to terminate the Financial Agreement and to advise the Tax Assessor and the Tax Collector of the actions to be taken regarding the assessment and collection of real estate taxes. The Corporation Counsel shall also be responsible for the preparation of such ordinance necessary to authorize the termination of the Financial Agreement. Upon adoption of such an ordinance, the City Clerk shall be responsible for filing and distributing the ordinance in accordance with the procedures established by Section 10:24-5(c) of this Chapter.

**10:24-7. ADMINISTRATION OF FINANCIAL AGREEMENT
AFTER CONSTRUCTION.**

After construction of the Project is completed and the issuance of a permanent Certificate of Occupancy, the Entity shall operate the Project in conformance with the terms of the Financial Agreement. The Division of Revenue Collection shall be responsible for oversight and administration of the Financial Agreement during the term of the exemption, in accordance with the procedures set forth as follows:

a. *Billing and Payment.* During the term of an exemption, the Tax Collector shall bill service charges quarterly. The bills prepared by the Division of Revenue Collection shall reflect the taxes due on the value of all land included within the Project and all service charges, or other fees or charges due on the improvements, respectively. If authorized by law, the land upon which housing is constructed, acquired or rehabilitated by an Entity, may be exempt from taxation during the term of the Financial Agreement. Irrespective of the date of issuance, any bill for annual service charges or other municipal charges shall be deemed to have been issued on the first day of each calendar quarter and to be due and payable within thirty

(30) calendar days thereafter. Where annual service charges are billed on the basis of estimated or projected figures, any payments thereof shall be reconciled upon the submission of a Certified Audit. In such instance, the Entity shall make any additional or required payments within ninety (90) days after the close of its fiscal year. Any additional payment by an Entity shall be submitted along with a statement by a certified public accountant, attesting that the additional payment was the actual amount due based upon the gross revenue or total project cost as computed in accordance with provisions of the Act and the Financial Agreement.

All payments due to the City arising out of the Financial Agreement which are not paid as of the date due shall be subject to the same charges for penalties and interest as arrears then in effect for nonpayment of real estate taxes. The Division of Revenue Collection shall accept all payments made pursuant to an effective and valid Financial Agreement and shall maintain books of account as to each Agreement. Except as otherwise required by law, the Division of Revenue Collection shall apply payments received for real estate taxes in the following order: first, amounts due for penalties and interest on taxes, and then amounts due for the principal of tax payments. As to payments received for service charges, first, amounts due for penalties and interest, and then, amounts due for the principal of service charge payments. The Entity shall be responsible for making timely payments for real estate taxes and service charges directly to the Division of Revenue Collection.

In addition to payment of the annual service charge an Entity shall be required to pay an annual administrative fee to the City. The requirement to pay an annual administrative fee shall be included as a covenant in all deeds to a purchaser or transferee of a Project or unit owner thereof. The annual administrative fee shall be two percent (2%) of the annual service charge payable and due on or before February 1st of each year. In the event an Entity or owner of a property granted exemption pursuant to the Act does not pay the annual administrative fee, such delinquency shall be grounds for rescission or termination of the exemption.

b. Annual Audits. Where required by the Act, other applicable law or by the Financial Agreement, an Entity shall submit a Certified Audit prepared by a certified public accountant of the financial performance of the Project. A Certified Audit shall be submitted each year within ninety (90) days after the end of the fiscal year of the Entity to the Division of Revenue Collection with a simultaneous copy to the City Clerk for archival purposes.

As part of or in addition to the submission of a Certified Audit, the Entity shall submit a statement prepared by a certified public accountant attesting to the net profits and the percentage of excess profits utilized to maintain reserves authorized pursuant to the provisions of the Act. The Division of Revenue Collection shall review each audit upon submission and make a determination as to any

adjustment required in the annual service charge, net profit and/or excess profits.

The Certified Audit shall be submitted to the Director of Finance for review. If the Director of Finance determines that an audit is acceptable, it shall be used as the basis for the adjustments of any taxes, charges or fees outlined in Paragraph a of this subsection. If it is determined that a Certified Audit is not acceptable, the Division of Revenue Collection shall notify the Entity, and the Entity shall have responsibility to cure the deficiencies identified and to submit a corrected or restated audit. As part of the audit process, in the event that the Certified Audit is determined to be unacceptable, the Entity shall have responsibility for the payment of a fee to offset the City's cost for review of the Certified Audit. This fee shall be billed by the Division of Revenue Collection as part of the annual service charge and shall be payable under the same terms as that charge.

c. *Noncompliance.* If an Entity fails to comply with the requirements for submission of a Certified Audit and/or timely payment of real estate taxes and service charges during the term of the Financial Agreement, the Division of Revenue Collection shall have responsibility to enforce the terms of the Financial Agreement through the following procedure. Such procedure shall not be the City's sole remedy, but rather shall be used in addition to such other remedies as may be provided by the laws of New Jersey and the terms of the Financial Agreement.

1. In the case where any payment due to the City pursuant to a Financial Agreement, whether arising from real estate taxes or service charges is in arrears for a period of six (6) months or more, the Division of Revenue Collection shall notify the Entity or responsible party that unless the total amount due including penalties and interest and subsequent charges are brought to current status within a period of thirty (30) days from the date of the notification, the Exemption and Financial Agreement shall be rescinded. If the Entity fails to comply with such notice, the Division of Revenue Collection shall recommend that the Law Department prepare an Ordinance rescinding the Exemption and Financial Agreement, and shall notify the Tax Assessor of the pending action.

Where an Exemption and Financial Agreement is rescinded, the Entity shall have thirty (30) calendar days to seek reinstatement of the Exemption and Financial Agreement, which shall only be permitted when all obligations of the Entity or person receiving the benefit of an exemption are satisfied and made current. Upon satisfaction of all obligations, the Division of Revenue Collection shall recommend that the Law Department prepare an Ordinance to reinstate the Exemption and Financial Agreement for the remainder of its term.

It shall be the responsibility of the City Clerk to file and distribute copies of all Ordinances to rescind or reinstate an Exemption and Financial Agreement.

June 21, 2006

2. In the event of any nonpayment as outlined in Paragraph c(1) of this subsection, in addition to the remedies outlined therein, the Entity by signing the Financial Agreement agrees that the City shall have the same rights to enforce liens and commence foreclosure proceedings against its Project as though the nonpayment were real estate taxes. The City may exercise such rights by following the procedures established by state statute and local ordinances for the collection of delinquent real estate taxes.

3. Where any Certified Audit required to be submitted pursuant to a Financial Agreement is delinquent for a period of thirty (30) days or more from the date required to be submitted, the Division of Revenue Collection shall notify the Entity that unless the audit is submitted in proper form within thirty (30) days from the date of notification, the Exemption and Financial Agreement shall be rescinded. If the Entity fails to comply with the notice, the Division of Revenue Collection shall recommend that the Law Department prepare an Ordinance rescinding the Exemption and Financial Agreement, which shall cause the Project or unit thereof to be assessed according to the general laws of taxation.

Where an Exemption or Financial Agreement is rescinded the remaining procedure shall be the same as set forth in Paragraph c(1) of this subsection. However, the City, at its option may choose not to exercise its right to rescind or terminate, but instead cause an equivalent audit to be conducted by qualified personnel under the City's direction. Where this option is elected, the City shall utilize the resulting audit as the basis for billing as if it had been submitted by the Entity. Further, the City shall have the right to bill the Entity for the cost of conducting an audit. Exercise of this option by the City shall not in any way preclude or waive the right of the City to terminate an exemption for any other default.

4. Where an Entity or other person fails to comply with any other material condition of a Financial Agreement, the Division of Revenue Collection shall notify the Corporation Counsel of the default. The Corporation Counsel shall thereupon take appropriate steps necessary to declare the Exemption and Financial Agreement void or take such other legal or equitable action.

The Corporation Counsel may, from time to time, make technical and legal changes not affecting the substance of these documents.
